Thank you for giving Natural England the opportunity to comment on Walberton's Neighbourhood Plan. My brief comments are as follows:

This Plan contains strong policies to protect and enhance the natural environment. We especially welcome the commitment to protect important habitats demonstrated in Policies VE3, VE6 and VE11. Aspirations to enhance ecological links in VE 11 are particularly supported. We do not envisage the Plan having significant impact on any protected sites as it stands.

Due to the current pressure of consultations on land-use plans, I have not been able to spend the time I would have wished reviewing this document. Nevertheless, I hope you have found the comments helpful. If there are issues I have not covered, please let me know and I will respond as quickly as possible. If discussion would be helpful, please contact me.

If you wish to comment on the service provided by Natural England please use the appended form.

Regards

Catherine
