

New policy VE12: Flint walls

“Development proposals which would seek to remove or replace the flint walls located within the built-up area boundary, and in the following locations, will not be supported:”

- ✓ The flint walls around the Parish add to its distinctive character.
- ✓ A survey of all walls was undertaken by the Walberton Action Group which found the walls in varying conditions.
- ✓ It is important that the walls are retained and wherever possible sensitively restored.

Flint walls

- ✓ Tye Lane – the northern 500m to the A27
- ✓ Yapton Lane
 - ✓ the west side between the Golf Club and the A27
 - ✓ the west side between Walberton Place and Spindlewood
